*According to the Principles for Admission of Students from Abroad dated December 11, 2019, set forth by the Council of Higher Education, candidates eligible for admission from abroad include those who are Turkish citizens by birth but have lost their Turkish citizenship by obtaining permission from the Ministry of Interior to renounce their citizenship, candidates who hold a blue card proving their status as individuals who have lost Turkish citizenship upon request, and those who have completed the last three years of their secondary education (high school) abroad, excluding the Turkish Republic of Northern Cyprus (TRNC), before February 1, 2013, or those who have completed their entire secondary education in foreign high schools (excluding TRNC high schools), and dual nationals with one nationality being Turkish or Turkish nationals. A decision was made in the Higher Education Executive Board meeting on March 24, 2021, to limit the quota for the mentioned programs (Law and Medicine to 10% of the total quota for these fields. It was also deemed appropriate to include the Pharmacy program, which is subject to success ranking in the YKS (University Entrance Exam), in this quota limit.
